Customer Problem Statement: Gemini Historical Artifact Explorer

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A Museum Visitor	identify an ancient artifact I'm looking at in a display case	I can't read the small, crowded placard text or it's missing entirely	the museum signage is outdated, damaged, or too brief to be useful	Frustrated and Uninformed
PS-2	A History Student	get a detailed, scholarly summary of a specific historical object for my research paper	I have to dig through dozens of dense academic PDFs and books	credible, summarized information is buried in heavy academic jargon and paywalls	Overwhelmed and Inefficient
PS-3	A Curiosity Seeker	understand the story behind a strange antique I found at a flea market	I don't know the name of the object to search for it on Google	search engines rely on text keywords, and I only have the visual object itself	Helpless and Confused
